INTERNATIONAL  
YOGA DAY  
CELEBRATION  
ON 21st OF JUNE

## WELCOME THE FUTURE OF LEARNING

NSRIT is fortunate because it had the opportunity to be fortunate by the hands of the people who were sure of their aims and aspirations. And this is the apt time to plan for the coming year activities. Even while enjoying the sweet fruits of previous successes we should constantly sense the need to innovate and act before it becomes too late.

Many of us get blinded by our own success and fail to heed the winds of change. Rather than be blinded by success we should leave success behind to succeed again. We should develop a framework that helps to foster a culture of innovation. It is need of the hour. We should not hesitate to offer fresh ideas to our society. We all should constantly seek to upgrade knowledge and skills so as to stay ahead of the curve. At this juncture, I feel proud to congratulate all those who shaped the institution to its present status with their untiring dedication and self service for bringing the best results in past years. I hope techno beads will uncover the milestones of NSRIT in its fruitful journey towards excellence thru this e -calendar.

**Dr.B.V.R.Ravi Kumar**  
Principal, NSRIT
