Introduction:

The Institution Innovation Council (IIC) of NSRIT organized a groundbreaking pitching session at Vijnana Vihara School in Gudilova, aimed at elevating entrepreneurial acumen and fostering a business ideology among scholastic youths. The event witnessed a remarkable assembly of over 1500 students who enthusiastically participated, showcasing their passion and personal investments in entrepreneurial ventures.

Acknowledgments:

The IIC expresses heartfelt gratitude and extends commendations to the administration of Vijnana Vihara School for their commendable efforts in inspiring and propelling students toward national missions such as Digital India, Make in India, and Atma Nirbhar Bharat.

Dr. V. Anandababu's Address on Additive Manufacturing:

Dr. V. Anandababu, an expert in Head Mechanical Engineering, delivered an enlightening address to the students. His focus was on 3D printing and new-age technologies related to additive manufacturing. Dr. Anandababu discussed the challenges prevalent in today's market and provided insights into the transformative potential of additive manufacturing. His address aimed to broaden students' understanding of cutting-edge technologies and their applications in the entrepreneurial landscape.

Mr. T. Narayana Rao's Address on Entrepreneurship Skills:

Mr. T. Narayana Rao, an accomplished MBA professional, shared valuable insights with the students on entrepreneurship skills and challenges. His address covered various aspects of entrepreneurship, including the current challenges faced by entrepreneurs and strategies to overcome them. Mr. Rao's presentation encouraged students to develop a proactive mindset, emphasizing the importance of resilience and innovation in navigating the complexities of the business world.

Key Takeaways:

- Inspiring Youth Entrepreneurship:** The pitching session at Vijnana Vihara School aimed to inspire and instill an entrepreneurial spirit among the youth, encouraging them to actively participate in national missions such as Digital India, Make in India, and Atma Nirbhar Bharat.
- Technology and Innovation:** Dr. V. Anandababu's presentation highlighted the role of technology, specifically 3D printing and additive manufacturing, in shaping the future of entrepreneurship. Students gained insights into how these technologies can be leveraged to create innovative solutions.
- Overcoming Entrepreneurial Challenges:** Mr. T. Narayana Rao addressed the practical challenges faced by entrepreneurs today, providing students with valuable guidance on developing

entrepreneurship skills and strategies to overcome obstacles.

Conclusion:

The Entrepreneurship and Innovation Pitching Session at Vijnana Vihara School proved to be a resounding success, fostering a culture of innovation and entrepreneurship among the student community. The IIC looks forward to more collaborative initiatives to nurture the next generation of business leaders and innovators.
